WEEKLY ACTIVITIES AND STATUS REPORT FOR THE DD/ICS--13 June 1984

25X1

CIPC Organizational Activities

- [] met several times with [] during the week to discuss the Mobile Missile Study. We also have initiated the necessary paperwork to make [] an ICS Consultant/Contractor.
- [] are scheduled to meet with [] on 14 June--new State CIPC member. This meeting is at his request and we will provide him with an overview of the CIPC and its activities.
- The next CIPC meeting has been scheduled for 25 June. The CBW Study is scheduled as the primary agenda item.
- [] attended the [] Panel meeting at NSA on 11 & 12 June.

NSDD-138 Reply: []

- Our proposed reply to NSDD-138 was coordinated by Program Managers this week. The reply will be provided to the DCI for his signature, transmitting it to the NSC in sufficient time for its discussion at a Terrorist Incident Working Group meeting on 15 June. Following that, we will expand the reply into a comprehensive plan to improve US capabilities to combat terrorism. If that process goes as we have proposed, we may have to call a special session of the CIPC in early July. Its purpose would be to interleave the various proposals submitted by individual Program Managers, into a single, prioritized Community list of counterterrorism enhancements.
